🏛️ **Is your school prepared for Ofsted's new enrichment assessment?**

💰 **Could your school access the government's £132.5m 'Every Child Can' STEM fund?**

🎯 **Want to meet 5 DfE enrichment benchmarks — at zero cost to your school?**

Code Crazy is a specialist after-school coding and technology club delivering government-aligned STEM enrichment for children aged 8–13 in primary schools across the UK. Fully aligned with the **DfE Enrichment Framework**, **Ofsted's Personal Development grade** and the **£132.5m Every Child Can programme**, we give every child access to the digital skills that will define their future — while generating income and reducing workload for your school.

Don't just play games. Build games. Design worlds. Code the future.

Our Curriculum

💻 Python Programming & SQL	🥽 VR Experience & AI
🎮 Game Design & Animation	🧠 Computer Science Fundamentals
🖨️ 3D Modelling & Printing	🏆 Achievements & Certifications
🔐 Cybersecurity Awareness	📊 Progress Reports for Every Child

✨ **And much more!**

Why Choose Code Crazy?

🏛️ Ofsted Personal Development Aligned

Our club directly supports Ofsted's enrichment assessment criteria, strengthening your Personal Development grade at inspection.

📋 Meets 5 of 8 DfE Enrichment Benchmarks

We satisfy Benchmarks 2, 3, 5, 6 and 7 of the DfE Enrichment Framework (June 2026) — in a single, turnkey partnership.

👩‍💻 Specialist Tutors & Licensed Software

Industry-grade tools and qualified tech specialists — the level of expertise your pupils deserve.

📝 Certifications & Progress Reports

Every child receives achievements, certifications and a written progress report — ready-made evidence for your enrichment audit and Ofsted inspection.

💰 Zero Cost to Your School
Fully funded through parent bookings or/and PP funding. No budget required, no funding applications, no financial risk to your school.

💵 Generate School Lettings Income
Your school earns lettings income every term we run — a reliable, recurring revenue stream.

🎯 Every Child Can Aligned
Our STEM club sits within the Life and Future Skills category of the £132.5m government enrichment programme. Coding clubs are explicitly named as eligible activities.

🤝 Business Partnership (Benchmark 6)
The DfE framework explicitly expects schools to collaborate with businesses. Code Crazy is that partner — ready to go.

♿ Accessible for All (Benchmark 5)
No financial barrier. Inclusive by design, supporting SEND pupils, disadvantaged children and young carers.

📞 We Manage Everything
We manage parent communication, admin, registration and delivery. Your staff do nothing extra.

Code Crazy Satisfies 5 of the 8 DfE Enrichment Benchmarks

✅ Benchmark 2 — Broad & well-rounded STEM offer (Life and Future Skills)
✅ Benchmark 3 — Certifications, achievements & participation records for every child
✅ Benchmark 5 — Accessible to all, including SEND & disadvantaged pupils
✅ Benchmark 6 — Ready-made business partnership meeting collaboration expectations
✅ Benchmark 7 — Outcomes tracked, progress documented & reported for every child

DfE Enrichment Framework — Published June 2026

🏛️ Aligned with the Every Child Can Programme

The government has committed £132.5 million specifically for STEM enrichment activities. Coding clubs and engineering clubs are explicitly listed as eligible activities under the Life and Future Skills category. Code Crazy delivers exactly this — today, at no cost to your school, with no application process or waiting list.

Funded through the Dormant Assets Scheme — Announced 13 June 2026

Trusted Nationwide (500+ students)	Children's Activities Assoc.	Ofsted Registered	Schools Partner (20+ schools)	5★ Trustpilot
